Please be advised that customers who require an uninterrupted source of power for medical related equipment must prepare and provide their own back up equipment for these purposes. While Renfrew Hydro makes every effort to minimize both the length and impact of all planned outages and notify all impacted Critical Care Customers, we cannot always guarantee an uninterrupted supply of electricity to our customers.

Renfrew Hydro will not always have the opportunity to notify customers of all outages as some are unplanned. Renfrew Hydro will make every effort to contact these customers but will not be liable in any manner to the customer for failure to do so.
